

Kansas Department of Transportation
Division of Operations
Administrative Reference Manual (ARM) Update

March 2007

TO: All Users of the ARM

Attached is a complete revision of Section I – Coding to the Administrative Reference Manual (ARM).

This section has been reorganized and has been expanded in an effort to provide more information and make the information easier to find.

As always, we ask the users for feedback. If you discover errors or have suggestions of how to improve the ARM, let us know. Also, if you have information that you would like to see added to the ARM, please let us know. The plan is to continue to update the Manual a section at a time; so please share with us any suggestions you may have.

If you have not, we encourage you, the user, to divide the manual by sections and place each section in its own binder. This makes it easier to handle and the user only has to deal with the section needed. We have done this and it makes the ARM so much easier to use.

The ARM is currently available on the KDOT Intranet. From KDOT Home Page select: Documents & Manuals / Administrative Reference Manual (ARM). The Web address is: http://kdotweb/KDOTOrg/DivOperat/Documents/ARM_MANUAL.pdf.

The committee,

Carla Mumma, Asst to Director of Operations
Janet Wohler, AOM, District 1 Area 5 Wamego
Linda Duffy, Account I, District 2 Salina
Jerrie Loader, Adm. Officer District 1 Topeka
